SUMMARY

Computer Science postgraduate student (MSc, in progress) with hands-on full-stack development experience in Java, ReactJS, and NodeJS. Built and independently deployed two full-stack applications, from database design through production deployment. Seeking a software developer role to apply strong programming fundamentals, full-stack development skills, and problem-solving ability.

EDUCATION

Master of Science in Computer Science (Pursuing)

Savitribai Phule Pune University — H.P.T. Arts & R.Y.K. Science College, Nashik | July 2024 – Present

Bachelor of Science in Computer Science — CGPA: 6.52

Savitribai Phule Pune University — H.P.T. Arts & R.Y.K. Science College, Nashik | Aug 2021 – June 2024

EXPERIENCE

Software & Hardware Support Intern — MSC Computer Classes, NEXTIN SOFT PRIVATE LIMITED

6 months

- Resolved hardware and software issues for client systems on a weekly basis, applying structured diagnostic protocols to reduce average turnaround time
- Maintained a consistent, reliable task-completion record across the internship by following institute troubleshooting and documentation standards

PROJECTS

Music Recommendation Engine | Java Servlets, JSP, MySQL, Apache Tomcat

- Built and deployed a genre-and-emotion-based recommendation system, translating user mood inputs into personalized playlists through a custom MySQL matching algorithm
- Implemented the backend using Java Servlets and JSP, deploying on Apache Tomcat for reliable multi-user access

Genesis — Full-Stack Event Organization Platform | ReactJS, NodeJS, MySQL

- Designed and shipped a full-stack event management platform supporting end-to-end user registration and event lifecycle handling
- Developed the frontend in ReactJS and backend in NodeJS with a MySQL database, streamlining event coordination workflows

TECHNICAL SKILLS

Languages: Java, Python, C, C++

Web / Backend: ReactJS, NodeJS, Java Servlets, JSP, Apache Tomcat

Database: MySQL

Tools: Visual Studio Code

LANGUAGES KNOWN

English, Hindi, Marathi
